Church work

This past week the scaffolding began to come down. You can now see the beautiful work. Our tower is safe and secure for decades to come! Make sure if you're in the neighborhood in the evening to stop by and see her illuminated!

In order to create a warmer environment and to lower the monthly utility bills, we would like to update the burner in the church. This will cost between \$10,000-\$15,000. While this may seem a costly investment, with lower utility bills, we will be able to save \$15,000 within 5 years. For the past 3 years, the annual oil expense has been over \$20,000.
