## THE COMPENDIUM

### CREDO

Part One-The Profession of Faith-Section Two  
Chapter Two

"Jesus Christ was conceived by the power of the Holy Spirit, and was born of the Virgin Mary"

90. Did the incarnate Son of God have a soul with human knowledge?

The Son of God assumed a body animated by a rational human soul. With his human intellect Jesus learned many things by way of experience; but also as man the Son of God had an intimate and immediate knowledge of God his Father. He likewise understood people's secret thoughts and he knew fully the eternal plans which he had come to reveal.

91. How did the two wills of the incarnate Word cooperate?

Jesus had a divine will and a human will. In his earthly life the Son of God humanly willed all that he had divinely decided with the Father and the Holy Spirit for our salvation. The human will of Christ followed without opposition or reluctance the divine will or, in other words, it was subject to it.

92. Did Christ have a true human body?

Christ assumed a true human body by means of which the invisible God became visible. This is the reason why Christ can be represented and venerated in sacred images

93. What does the heart of Jesus exemplify?

Jesus knew us and loved us with a human heart. His Heart, pierced for our salvation, is the symbol of that infinite love with which he loves the Father and each one of us.

94. What is the meaning of the expression "conceived by the power of the Holy Spirit...?"

This expression means that the Virgin Mary conceived the eternal Son in her womb by the power of the Holy Spirit without the cooperation of a man. The angel told her at the Annunciation that "the Holy Spirit will come upon you" (Luke 1:35).
