# *The "Ceiling" of the Ark* INSULATION & FIREPROOFING

This past week, workers began insulating the Shrine's massive, 20,000 square foot ceiling with 5" of closed-cell spray foam. This material will provide **optimal energy efficiency** for the future heating and cooling systems, making the Shrine of Christ the King as comforting to the body as it will be to the soul. **We are very thankful to our benefactors** who helped make this very important step possible before winter. We pray for you daily, and we thank you for your prayers and support as we work to complete the Shrine of Christ the King by the churches centennial anniversary — Christmas 2024!

By your generous help, we can do it! *Will you help us with a year-end donation?*

To find out how you can help by donating to the Institute of Christ the King Sovereign Priest, Email our Project Manager, Rev. Canon Matthew Weaver, at [info@institute-christ-king.org](mailto:info@institute-christ-king.org)
